

Legislative Council Staff

Nonpartisan Services for Colorado's Legislature

Social Media Accounts

About

Since 1953, the Legislative Council Staff (LCS) has served as the nonpartisan research arm of the Colorado General Assembly. The staff serve under the Director of Research and provide support to legislative committees, respond to requests for research and constituent services, prepare fiscal notes, provide revenue projections, and perform other centralized legislative support services such as Information Technology, Visitor Services, and more.

LCS uses social media to share timely updates about the work of the Legislative Council Staff, advertise job opportunities, provide educational information about the Capitol, promote staff-led events like the Colorado Day celebration, appreciate its staff and volunteers, and provide general Capitol building updates. Each post is written and reviewed to ensure alignment with the [LCS mission, vision, and values statement](#), and that the post is factual, objective, and nonpartisan.

Accounts

- [Facebook](#), [Instagram](#), and [TikTok](#) accounts are primarily used for civically engaging and educating the public about Colorado State Capitol history and the legislature, as well as to provide information about Capitol tours and special events.
- [LinkedIn](#) is used to share LCS job postings.
- [X](#) is used occasionally to highlight LCS research, the office's newsletter, and timely updates.

Response

LCS will not engage in content moderation of comments made on its social media accounts. Unlawful activity will be reported to law enforcement.
